Dear Erika,

Thank you for your generous contribution of cell phones.

At The Julian Center, we work tirelessly to walk alongside survivors of domestic and sexual violence as they journey, step-by-step, toward a new life of safety and independence. Through our 24-hour crisis hotline, emergency shelter, and our advocacy programs with the Indianapolis Metropolitan Police Department and local hospitals, we provide survivors and their families with options and opportunities to permanently escape abusive relationships. Through services at our Sara and Albert Reuben Empowerment and Counseling Center, including one-on-one case management, counseling, therapy, and legal services, as well as our transitional and permanent supportive housing programs, we help survivors realize that their past does not define their future.

We could not serve more than 6,000 survivors and their families each year without your ongoing support. Your donation is tangible evidence that Hoosiers are committed to ending the generational cycle of violence. On behalf of those we serve, our Board of Directors, and staff, I thank you for your generosity.

With deepest thanks,

Catherine O'Connor
President/CEO
